

Mixing Greens & Painting Trees

JUDY SCHROEDER

April 10&11, 2019 - Wednesday & Thursday - 9AM-4PM

Workshop Fee: \$150 Limited enrollment to 12

Green is an essential color for landscape painting and it's surprising how many painters have difficulty with this one color. On the first day various exercises exploring the mixtures of greens will be paired with actual matching exercises in the landscape. The morning will be spent mixing various greens from colors other than greens and also working with tube greens to alter them for more realistic hues. Then the afternoon will be spent matching greens in the landscape - this is where those charts will be invaluable. The second day will be devoted to using greens to paint trees and shrubs. All levels. 50% deposit
